A passionate and dynamic Informatics Engineering Undergraduate Student with a year of real-world work experience in the hospitality industry, in both IT and non-IT sectors. Currently, I have just completed an internship program as a Front-End Developer Intern to develop Elladine Official's business for their new website creation. Completing the Cisco Networking Academy course, I also have a strong motivation to master and explore new experiences to develop my skills and abilities, especially in Engineering related fields.

Skills & Abilities

Data Entry

Graphic Design

HTML, PHP & CSS Programming Language
